Doing my postgraduation from IIM Kozhikode was a dream experience. I remember visiting the campus for the first time and breathing in deeply of the atmosphere of positivity. The yen for learning, knowledge and gaining perspective, was incredibly infectious. Looking forward to the learning sessions and burning the midnight oil to make good grades; all came to fruition on Convocation Day when the degree was conferred.

The two-year course has given me a completely different perspective. Challenges are approached from a different dimension and resolved without fear of failure. Great improvement in interactions. Became a mentor and guided juniors. Successfully developed and tested a new product thus replacing an existing imported additive under cost leadership initiatives. Finally, got promoted from Chief Manager to DGM.

The learning from this course is immense. I felt like I was back in school as I joined a class of 180 at IIM Kozhikode. The in-Campus modules were a truly great experience, while the campus itself elevated the whole experience. It was fun, and those late-night submissions at 11.59 p.m. will always be a cherished memory. I just miss it now. Love IIMK. Branded for Life.
